

How to add a button link from your website to your section on the Somerset Arts website:

The following buttons can be used on your website to link to **your section** or **home page** on the Somerset Arts Website.

Step 1

Decide if you are an Artist, an Organisation or just want to link to the Somerset Arts Website Home Page.

Step 2

Choose the button size you require.

Step 3

For an Artist, choose either: #

(100 pixels wide)

Copy and paste the following code anywhere within your website:

```
<a href="http://www.somersetarts.com/directory/show.php?entry=XX" target="_blank"></a>
```

(150 pixels wide)

Copy and paste the following code anywhere within your website:

```
<a href="http://www.somersetarts.com/directory/show.php?entry=XX" target="_blank"></a>
```

For Arts Organisation, choose either:

(100 pixels wide)

Copy and paste the following code anywhere within your website:

```
<a href="http://www.somersetarts.com/directory/show.php?entry=XX" target="_blank"></a>
```

(150 pixels wide)

Copy and paste the following code anywhere within your website:

```
<a href="http://www.somersetarts.com/directory/show.php?entry=XX" target="_blank"></a>
```

continued....

To link to the Home Page ONLY, choose either:

(100 pixels wide)

Copy and paste the following code anywhere within your website:

```
<a href="http://www.somersetarts.com" target="_blank"></a>
```

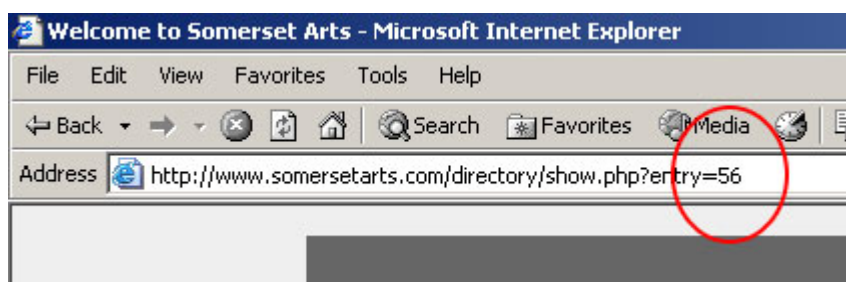

(150 pixels wide)

Copy and paste the following code anywhere within your website:

```
<a href="http://www.somersetarts.com" target="_blank"></a>
```

Step 4

If you are an **Artist** or an **Arts Organisation**, you will need to replace the XX within the above code with your entry value. You can find this by navigating to your page on the website and copying the value shown in the address bar of your browser. E.g.
